Hello Wildcats! This is the last week of May, which means it is the last week we will be talking about Creativity! I hope you have gotten the chance to stretch your imagination and try some new things this month! I can’t wait to hear all about everything when we see each other at school again. For those of you who don’t have paper and crayons at home, this week I have two activities for you that you can do with just your imagination and people in your house!

Activity 1: Collaborative Storytelling

Sit in a circle with members of your family. Moving around the circle, each person tells one sentence of a story building it up as it goes around. For an extra challenge, you can tell a collaborative story based on a book series or show that the whole family has read, adding details about the characters and making predictions about what happens for them next in the story.

Activity 2: GROWing Through Riddles

These riddles are from an escape room activity that we may get to try next school year. Until then YOU have a chance to figure out the answers now. If you are in K-2 you will probably need a parent or brother/sister to help you out.

- **G**: How far did the deer run into the woods?
- **R**: A man showed up at the prison to visit a prisoner, only to be told that he has to be family to visit. His reply? Brothers and sisters have I none, but this man’s father is my father’s son. How is he related to the prisoner?
- **O**: I got nervous because the man in the mask was waiting for me when I got home. Who is he?
- **W**: A taxi driver was heading down a street in Houston. He went right past a stop sign without stopping, he turned left where there was a “no left turn” sign, and he went the wrong way on a one-way street. Then he went on the left side of the road past a squad car. The Police Officer didn’t stop him because he didn’t break any traffic laws. Why not?

These can be tough and require Perseverance, and Cooperation if you’re working with members of your family! **If you think you know the answers send them to me at Nicole.dunn@ksd.org before Monday June 1st, and I will mail you a prize!**

Hang in there Wildcats! ~Mrs. Dunn
